

INSTANT ACCESS ONLINE ROUTE TRAINING

 NOVUS RouteAndGo

Here's a scenario you probably recognise: one of your drivers is being asked to drive a different route tomorrow. They haven't driven the route in question for a while, presenting a risk of a wrong turns, getting lost and late running - or even a Road Traffic Accident.

Without time for a training run, how can you ensure the driver is equipped to drive the route accurately, efficiently and above all safely?

NOVUS RouteAndGo is the answer!

TRAINING FOR THE DIGITAL AGE

NOVUS RouteAndGo revolutionises route training by offering an online based training portal for drivers, which can be accessed anywhere - both in the training centre, but also remotely via a laptop PC or tablet. Google Maps and Street View integration means drivers can familiarise themselves with routes - and even exchange warnings regarding potential hazards.

INSTANT ACCESS

NOVUS RouteAndGo is incredibly simple to implement: we import your routes via TransXChange, and your drivers can be training within 24 hours. Pricing follows a monthly subscription model with low up-front costs.

RouteAndGo: Key Benefits

- Offer drivers 24/7 access to route-specific training
- Safety warnings & live driver feedback loop
- Flexible - train anywhere, on any PC
- No hardware required
- Simple route import (TransXChange & others): get online within 24 hours
- Low up-front commitment & affordable subscription model
- Ideal for small and large operators
